

A custom solution created by Officeworks over the busy Christmas period.

Client: PBX Enterprises

PBX Enterprises specialises in the export of Australian-branded health supplements to the ever-growing Chinese market. The company was moving into empty premises, so needed a complete workspace fit-out, including call centre area, administration, boardroom and sit stand desks. The project commenced over the busy Christmas period while PBX's directors were in China, plus PBX had specific colour, style and functionality requirements.

Total Personnel: 12 employees

Project Time Frame: 4 weeks

Office Space: 160m²

PBX Enterprises spoke to an Officeworks Workspace Specialist to discuss the requirements for their workspace, including a custom-made boardroom table to convey a distinctive company image.

Phillip and CJ from PBX met with us in December, then left for China confident that we would handle the job while they were away.

Over the Christmas period, Phillip and CJ's Workspace Specialist kept in contact via email and telephone to finalise furniture selections, colours and prices. Their order was placed while they were away and production commenced in early January, with an installation deadline of mid-February.

All of the furniture was delivered and installed on schedule. Employee workstations were fitted with screens for privacy, plus two Stilford sit stand desks were supplied to help employees work flexibly. In the boardroom, a custom-made ten-seat table with aluminium flip box was complemented by Eames-style high-back boardroom chairs.

“Officeworks provided just what we were looking for. We could relax while overseas knowing the project was taken care of.”

Phillip Wen,
Managing Director,
PBX Enterprises

Get your fit-out needs professionally tailored by our Workspace Solutions Specialists.

Our Workspace Solutions service includes:

- Initial no-cost, no-obligation consultation.
- A plan tailored to your budget and time frames.
- Comprehensive quote.
