

Officeworks helped transform a new workspace into welcoming medical suites.

Client: Vermont Consulting Suites

Located within a brand new purpose-built medical centre, Vermont Consulting Suites requested we create a warm and inviting feel across the reception and waiting areas, and the ten consulting suites.

They wanted functional and stylish furniture that would complement existing design features and colour schemes to complete the new look.

Total Personnel: 10 employees

Project Time Frame: 4 weeks

Office Space: 373m²

After our initial consultation, Vermont Consulting Suites were confident that Officeworks had the solutions needed to transform their new rooms and reception area into fully furnished, welcoming spaces.

Following the construction of their brand new medical centre, Vermont Consulting Suites needed a complete fit-out.

We analysed the initial office space and worked with them to ensure the new furniture complemented existing colour schemes, and fitted in with the existing medical beds and equipment.

Our Ashton desk, pedestal and lateral filing cabinet fit the brief perfectly, with scratch-resistant warm walnut woodgrain tones creating a relaxed, quality and consistent feel across all of the consulting suites. The reception area was filled with sturdy and stylish seating, and our 10-year warranty will ensure it all lasts well into the future.

“The customer service was 10 out of 10. I’ve already recommended Officeworks to friends of mine.”

Brenda Aikin,
Medical Commercial
Property Consulting

Get your fit-out needs professionally tailored by our Workspace Solutions Specialists.

Our Workspace Solutions service includes:

- Initial no-cost, no-obligation consultation.
