

DERWENT

CINDY WIDER

AUSTRALIAN FEATURED ARTIST

Cindy Wider is a professional Australian Artist, Author and Art Instructor with over 30 years of experience. Through her video courses, private mentoring and art instruction books Cindy has helped more than 22,000 people learn to draw and colour.

Cindy is a multi-award-winning fine artist and a recipient of various government-funded solo exhibitions and workshop teaching opportunities around regional Queensland. Her work has been commissioned and sold all around the world.

Cindy is currently writing and illustrating her first fine-art children's picture book with her imaginary world of anthropomorphic Cuddleecat Characters and their friends. The illustrations are in a water colour style and uses Derwent Inktense pencils, pans and blocks because of their vast array of possibilities: permanent when dry to allow many layers. They spread evenly for solid areas of colour, blend well and the surface texture when dry is perfect to add coloured pencil and other mediums on top.

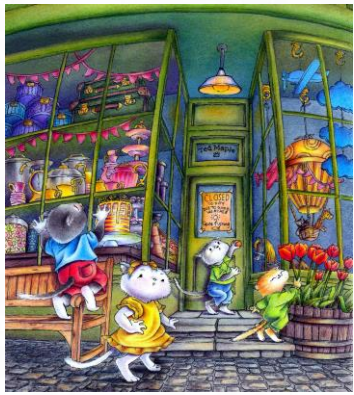

Cindy's colour pencil preference is Derwent Procolour on top of a dried Derwent Inktense base. Additionally, Cindy likes to use Derwent Coloursoft, Lightfast, Charcoal Pencils, along with a range of Derwent accessories including the Superpoint Sharpener and Battery Eraser.
