

# PAPER TUBE Owls

## Art Activity!

### What you'll need:

Staedtler graphite pencils

Staedtler jumbo coloured markers

Toilet or paper towel tubes

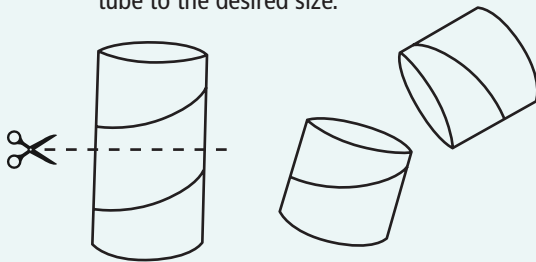

Staedtler scissors

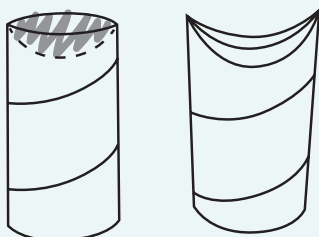

### Method:

**Step 1:** Choose the size of your owl, if you would like your owl to be small simply cut the paper tube to the desired size.

**Step 2:** To create the owl shape, fold the front and the back of the top end of the paper tube until they meet in the middle.

**Step 3:** Now it's time to get creative, using your pencil sketch the outline of your owl. Think about an owl's features and patterns.

**Step 4:** Using your coloured markers fill in the sketch, making them bright and colourful!
