

Glow in the Dark Slime Recipe

What's cooler than slime? Glow in the Dark slime! Make luminescent slime using a few common household ingredients. It's super easy and kid-friendly!

supplies needed

- 147ml (5oz) Elmer's Glow in the Dark Glue
- ¼ cup Elmer's Magical Liquid
(note: 1 bottle of Magical Liquid can make 4 portions of Slime)

instructions

1. Pour out entire contents of the 147ml Elmer's Glow in the Dark Glue into a bowl.
2. Gradually add ¼ cup of Elmer's Magical Liquid a teaspoon at a time, mixing thoroughly in between until slime forms.
3. Mix until slime forms and it begins to get harder to mix.
4. Take the slime out and begin kneading with both of your hands until slime reaches desired consistency.
5. If needed, add a little more Magical Liquid to make slime less sticky.

Note: For the best results, expose the glue to light for at least two minutes before turning off the lights to watch it glow.

*Adult supervision is required; This project is not appropriate for children under the age of 3 years. Always wash your hands before and after making and playing with slime.
