

# Gross Slime Recipe

## Ingredients Needed

- Elmer's 5oz Clear Glue
- Elmer's Magical Liquid
- Brown food coloring
- Yellow food coloring
- Multi-colored pom poms
- Brown beads
- Flower Pot (Optional)
- Googly Eyes (Optional)
- Pipe Cleaners (Optional)
- Colored Paint (Optional)

## Utensils Needed

- 1 bowl for mixing
- Spatula for mixing
- Measuring spoons
- Paint Brush (Optional)

## Instructions to Make Gross Slime:

1. Pour out an entire Elmer's (5oz) bottle of Clear Glue into a bowl.
2. Add brown & yellow food coloring to your glue bowl and mix until it reaches desired color. Remember, the grosser the better!
3. Add in Elmer's Magical Liquid (about 1 tsp at a time) and mix until slime begins to form. Knead until slime reaches desired consistency. If your slime is still too sticky, continue to add Magical Liquid a little at a time!
4. Add in your pom poms and beads and fold into slime.
5. Once you've made your slime, decorate a flower pot by adding googly eyes, colored paper, and pipe cleaners to make it look like a monster. Then, spread your slime on a table to make it look like the monster is sick with your gross slime!
