

Rainbow Clouds

WHAT YOU WILL NEED

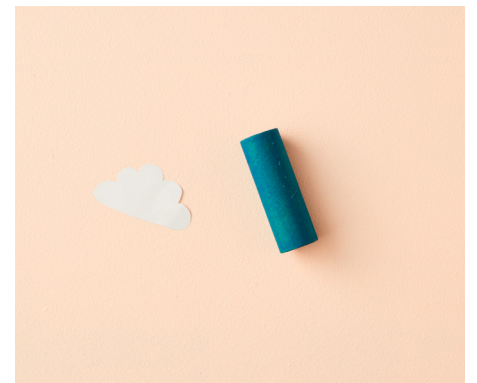

- Quill A4 200gsm Board White 25 Pack
- Kadink Washable Bright Poster Paint 500mL Dark Blue
- Studymate Soft Grip Scissors 5"/127mm
- Keji Clear Adhesive Tape with Dispenser 18mm x 25m 2 Pack
- Colorific Cardboard Rolls 36 Pack
- Kadink Tissue Paper Assorted 6 Pack
- Sharpie Fine Permanent Marker Black
- Born Foam Paintbrush Set 3 Pack
- Studymate PVA Craft Glue 125mL

→ How gorgeous are these happy clouds? This is a nice and easy craft that helps scissor skills. When creating the streamers, you can chat about what causes rainbows and how they are formed – an opportunity for scientific chat about spectrums and light. Also, ask what colours they see in the rainbow? It might even prompt a sing-along: "Red and yellow and pink and green..."

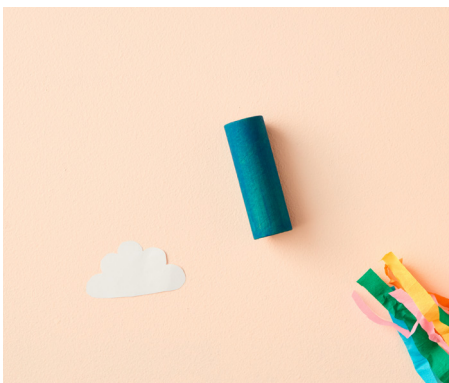

STEP 1

Paint the cardboard roll blue.
Leave to dry.

STEP 2

Cut cloud shapes out of white cardboard.

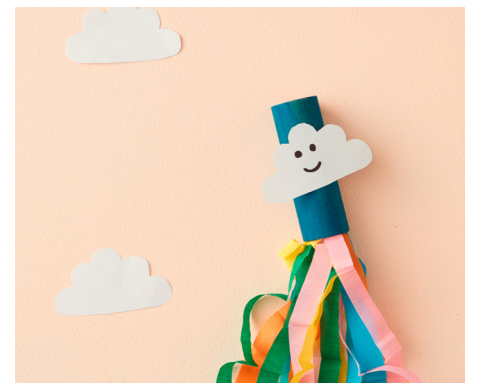

STEP 3

Cut the tissue paper into strips.

STEP 4

Draw a face on the cloud and glue to the cardboard roll.

STEP 5

Using sticky tape, attach the tissue paper strips inside the cardboard roll.

Counting Trees

WHAT YOU WILL NEED

- Kadink A4 Coloured Card 25 Pack
- Colorific Cardboard Rolls 36 Pack
- Avery Self-adhesive Dispenser Labels Red 24mm 500 Pack
- Sharpie Fine Permanent Markers Electro Pop 24 Pack
- J.Burrows Comfort Grip Scissors 8"/203mm

→ 1, 2, 3... how many trees do you see? For little ones just getting the hang of numeracy, this is a fun project and a playful way to start number recognition. The more counting trees you create, the more they'll learn different numbers. As they progress, it can become an addition game, adding up either the number of trees or the numbers on the trees. Or both!

STEP 1

Cut a little slit on opposite sides of the top of the cardboard roll.

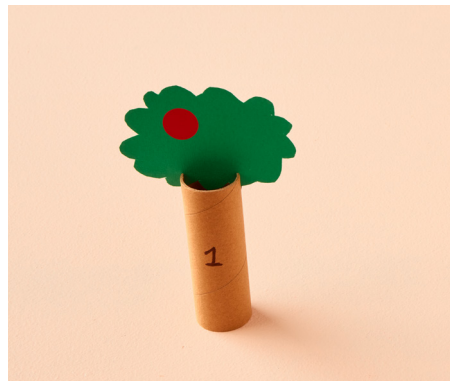

STEP 2

Draw a number on the cardboard roll (tree trunk).

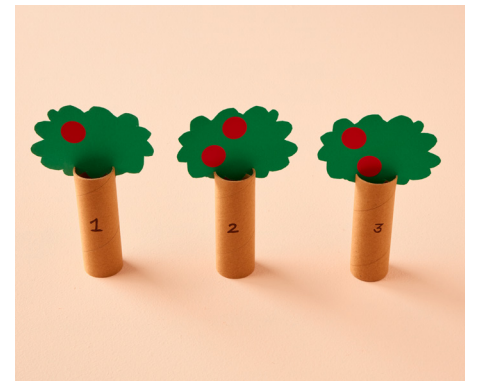

STEP 3

Cut the tree canopy shape out of the green card.

STEP 4

Stick red dots on the tree canopies to correlate to the numbers on the tree trunks.

STEP 5

Place each tree canopy in the slits at the top of the trunk.

Zooming Rocket Ships

WHAT YOU WILL NEED

- Kadink Washable Bright Poster Paint 500mL White
- Studymate PVA Craft Glue 125mL
- Colorific Cardboard Rolls 36 Pack
- Born Foam Paintbrush Set 3 Pack
- Kadink Tissue Paper Assorted 6 Pack
- Fiskars Softgrip Craft Knife
- Studymate Soft Grip Scissors 5"/127mm
- Sharpie Fine Permanent Markers Electro Pop 24 Pack
- Keji Clear Adhesive Tape with Dispenser 18mm x 25m 2 Pack
- Quill A4 200gsm Board White 25 Pack (not pictured)

→ What kid doesn't love the idea of outer space? Feed their imagination for extraterrestrial adventures with this easy-to-make rocket ship. Cutting the rocket window will require some adult help, but then it's up to them to cut the rocket wings shape and decorate.

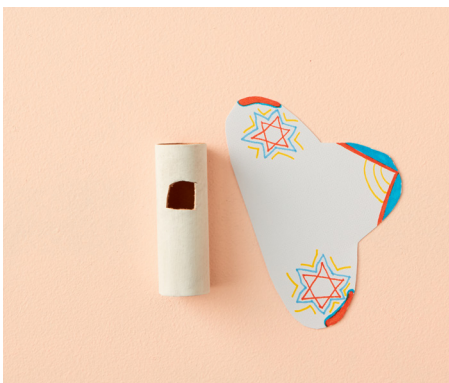

STEP 1

Paint the cardboard roll white. Leave to dry.

STEP 2

Help them cut out the rocket window in the cardboard roll with a craft knife.

STEP 3

Cut the wing shape of the rocket ship out of white board and decorate.

STEP 4

Glue the cardboard roll to the wings.

STEP 5

Cut strips of tissue paper and sticky tape inside the cardboard roll.
